So this is the outfit that I put on this morning. Today, I chose jeans because I had to tutor, and my boss had asked me to wear the jeans or khakis or she would prefer that I didn't wear leggings or yoga pants so that's why I chose my jeans for today. And I picked out the shirt because I felt like it looked good with the jeans, it was professional, covered up, and long sleeves because it's been cold out.
